

The New **Seickel** Hand Steamer

- An easy way for you to do final touch up on your garments
- It operates on just steam...no electric
- Made out of brass and copper to achieve a higher temperature for super dry steam
- Finished with a beautiful mahogany handle
- It uses a standard Naomoto type all steam iron valve for easy replacement and availability
- Weighing less than 2 pounds, it is a very comfortable tool to use
- Comes standard with 12 foot hoses for greater mobility
- It can also be made for a left-hand person upon request
- Teflon shoe also available

The hand steamer was designed and built by **Seickel and Sons Inc.** in our Newark, NJ location.
