

For Your Alteration Room

We offer a wide selection of high quality utility boards to make your alteration room or tailor shop. All units are 110v, making electrical connections simple.

↑ This utility table has vacuum on the table plus on the swing arm. Both pieces are electrically heated. The swing arm uses interchangeable bucks. Shown with optional Ace-Hi water iron.

This spotting unit comes complete with an electric spotting gun an air extractor that removes fumes from the cleaning fluid. A **must** for all shops using spotting machines.

↑ This Jiffy Steamer is on wheels ↑ to roll wherever you need it to go using only 110v and a built in water tank for portability. This produces a nice, hot and dry steam. Three models are available.

← Naomoto vacuum utility board features excellent vacuum plus an included steam electric iron with water tank.

Hi-Steam tabletop spotting board features a solvent gun, water gun and a vacuum. →
