

# Fulton Conditional Warranty

## Available options from the Fulton Boiler Works

Order a complete system — a Fulton boiler, return system and blow down separator prepped and skid mounted at the factory. This complete preassembled system can save valuable time and money at installation site.

All Fulton boilers can be ordered with a polished stainless steel jacket. Consult with a Fulton representative to find out how little extra it can cost for stainless.

15 BHP Gas-fired Fulton EnergyPak boiler with a polished stainless steel jacket.

**Every Fulton boiler features a 5 year (60 month) warranty on the pressure vessel.**

Consult factory or authorized Fulton representative for particulars.

**Fulton boilers have been applied virtually anywhere process steam and heat is required.**

Chemicals, laundry and dry-cleaning, bakeries, candy making, dairies, and food processing applications. Restaurant and hospital equipment, tire recapping, heat treating and metal finishing, plastics and garment manufacturing to mention a few. Consult our sales/engineering personnel or an authorized Fulton Representative for your next application.

Shown here is a 30 BHP Fulton gas fired boiler skidded and prepped with a vertical return system and blow-down separator.
