The shoulder press is a basic necessity for finishing coats and jackets by clothing manufactures and alteration departments. It's used for creasing the armhole, shaping and pressing the shoulder and blocking the top of the sleeve.

All refurbished steam presses warranted for one year by *Seickel & Sons Inc.*

Seickel & Sons Inc. is not affiliated with **Hoffman/New Yorker Inc.** and does not rely on **Hoffman/New Yorker Inc.** for its replacement parts.
